

# **TOWN OF MILESTONE**

## **GARBAGE PICK-UP & RECYCLING**

**NUISANCE GROUNDS HOURS OF OPERATION**  
(Weather permitting and excluding Statutory Holidays):

**WEDNESDAYS: 9:00 A.M. TO 12:00 NOON**

**SATURDAYS & SUNDAYS: 1:00 P.M. TO 3:00**

The following garbage pick-up and disposal policy is in effect. Garbage pickup is on the street. (Weather Permitting). If the garbage is unable to be collected on its regular day because of weather or any other reason, the public works crew will try to pick it up at the earliest possible date.

**COMPOST MATERIAL ONLY (MONDAY PICKUP)**  
- should not be bagged but must be placed in a metal or plastic container or garbage can that allows the compost material to be dumped loosely into the garbage truck. The total weight of the container with the compost material should not exceed 50lbs. **THIS SHOULD BE SET OUT IN THE FRONT ON THE STREET FOR PICKUP BY 9:00 AM.**

**DOMESTIC HOUSEHOLD GARBAGE (WEDNESDAY PICK-UP)** - must be **BAGGED** in tied plastic garbage bags and set out in the front on the Street for pickup by 9:00am.

The total weight of the container should not exceed **50lbs**. There have been instances where an unusually large amount of garbage has been placed at the curb for pickup and while we realize that certain times of year (e.g. Christmas) create more garbage, council feels that utilizing the recycling services will help to minimize the amounts of garbage.

When the recycling bin is full please notify the town office. Arrangements will be made to have the bin replaced. This is usually 1 or a 2-day turn around. Please flatten all cardboard as well as plastic milk jugs. (Do not place full boxes of flattened cardboard in the bins - place them in individually, this creates less bulk.) Additional cardboard recycling is also available behind the XTR. Please take the time to flatten plastic milk jugs. Loraas is no longer recycling glass.

Glass may be disposed with your household garbage. If the Plastic portion of the bin is full please put the plastic in with the glass recycling. Please do not place recyclable material beside the bin - **BE PATIENT: WAIT UNTIL THE BIN IS REPLACED**

## **TRAFFIC/PARKING**

**BACK LANES:** There have been some problems when the lanes are used after a rain. Not only do the lanes get rutted up

badly but in some instances the adjacent private property has been damaged. Council is requesting your cooperation by not driving in the lanes after a rain until they have dried out.

**Council also requests that property owners be respectful of property lines in respect to back lanes. There are a number of instances where back lanes are impassable because of improper fence lines, vehicles or trailers and piles of dirt sand and/or refuse. Please be conscious of other property owners and their right to access their property via the back lane.**

**PARKING:** In accordance with the town's **TRAFFIC CONTROL BYLAW**, council is requesting your cooperation in ensuring that your vehicle(s) (**THIS INCLUDES RV's, Camper Trailers, and Utility Trailers etc.**) are not parked on the street for more than a 24 hour period. The extended parking of vehicles etc. is not only in violation of the Bylaw but it also creates undue and unnecessary hardship for street cleaning, street maintenance and snow removal operations. It also creates an unsafe play area for small children as well as being unsafe for the general pedestrian traffic. Also, if you are parking your trailer for extended periods of time on your property and/or on part of the boulevard, please be cognizant of your neighbor. It may be blocking his view or may be causing them an inconvenience you may not be aware of. Your consideration will be appreciated by all concerned.

Also please ensure your vehicle is parked on the right-hand side of the street having regard to the direction in which the vehicle was proceeding. If your vehicle is not parked in that manner and is hit or sustains damage, you may be liable for damages and your insurance may be

void. Also, it is in violation of the town's traffic bylaw and you may be fined if not parked in the proper manner.

**COMMUNITY VOLUNTEERS** Milestone is currently experiencing growth and with growth comes several new faces to the community. The Administration and Council would like to encourage new residents to get involved. Volunteering is an excellent way to meet new people and to contribute to our community. Each year volunteers make a substantial contribution to your community. The time and effort expended by all volunteers and their respective organization help in providing a great number of community programs, activities and the operation of recreational and other facilities. Without their participation, dedication and commitment to the community many of the services and programs provided in Milestone could not be funded or achieved. All are important and play an integral part in the development and betterment of our community. The numbers are varied and many and each individual volunteer is as important as the organization itself. There can never be too much emphasis made of the important contributions you make to the community.

**POLICING/ BYLAWS**

**A Bylaw to control nuisances which include but are not limited to UNTIDY AND UNSIGHTLY PREMISES (THIS includes abandoned, unregistered derelict and junked vehicles that meets the criteria pursuant to the Urban Municipality Act.)**

Our community has always been proud to boast of being one of the cleanest and well kept places in the Province in which to live. This is evident by the number of compliments

received by the Town from visitors and ratepayers alike. The council feels it is extremely important to maintain this community driven standard and with everyone's cooperation council is sure this standard will be maintained and Milestone will continue to be a "Showcase Town" for all visitors.

**DANDELION and weed control** is an on-going problem. While the town makes every attempt to control these pesky weeds on their property, it is difficult. **BE ASSURED THE TOWN IS TRYING.** The town also knows that it is just as difficult for the property owner to control dandelions on their property but with a cooperative effort it is hoped that it can be satisfactorily controlled. Your cooperation in spraying your property (and possibility helping your neighbor spray his) is respectfully requested. Please contact the town office for the availability of herbicide.

**A PET CONTROL OFFICER IS EMPLOYED BY THE TOWN OF MILESTONE**

**ANNUAL PET (DOG AND CAT) LICENSES AND BYLAW:**

Please ensure your pet is properly registered and licensed at the town office. Annual pet licenses are \$10.00 for each pet. The registry ensures proper identification of your pet in the event it is impounded or otherwise required. Please clean up after your pet.

**IMPOUNDING** Any stray animal (running at large), whether licensed or not can be taken to the Regina Humane Society where it will be impounded and euthanized if the attempt to find the owner fails. Also, any person finding a stray animal can take the animal to the Humane Society.

**RCMP POLICING MATTERS**

The RCMP relies on public assistance with policing matters in the community. The following are some ways your assistance can be given.

- i) Driving offenses - contact the RCMP with the appropriate information i.e.: time, place, vehicle and driver if known. The RCMP will follow up on this information and issue the appropriate summons.
  - ii) Loud and/or annoying noises i.e.: House parties/dogs continually barking - An overly loud and obnoxious house party creating an annoyance should be reported. Appropriate action will be taken in accordance with the town's bylaws.
  - iii) thefts, break-ins etc. - Any vehicles, persons or situations which you feel may be suspicious in nature should be reported to the RCMP, again giving the pertinent information, so the appropriate action can be taken by the RCMP
- If you have a policing concern please call the RCMP. Remember, an attempt to resolve the problem can only be made if it is reported.

**Yearly Compliance Report for Drinking Water**

Saskatchewan Environment "Drinking Water Quality and Compliance Regulations" requires that at least once a year waterworks owners (The Town of Milestone) provide notification to consumers of the quality of water produced and supplied, as well as information on the performance of the waterworks in submitting samples as required by the "Permit To Operate Waterworks". This is to notify, pursuant to these regulations, that a summary of the Town of Milestone's water quality and sample submission compliance record for the January 1<sup>st</sup> 2010 to December 31<sup>st</sup> 2010 time period is now available at the town office. This information can also be seen on line at [www.saskh20.ca](http://www.saskh20.ca).

Members of the council are as follows:

- Mayor: Jeff Brown
- Councilors: Bernie Churko, Judy Moorhead, Ian Wourms, Bev Siebert, Mike Sjodin & Greg Treleaven.
